

TVP-12CP

TruVision Mini PTZ, 12X Color, Indoor, PAL

Overview

Part of the TruVision™ line of products, the PTZ Mini 12X camera is a compact, affordable video surveillance solution featuring a form factor that provides the added security of PTZ functionality in a small size. Designed as a cost-effective solution for internal and external applications, the PTZ Mini offers full video coverage with 12X color and 12X day/night options, both with 12X digital zoom.

The 540 TVL resolution delivers crisp, clear images. This is complemented by full 360-degree endless pan travel at up to 300 degrees per second for full movement and tracking through all fields of view. With up to 128 presets, eight patterns and four shadow tours, the PTZ Mini 12X helps increase user efficiency in attended and unattended operations.

With a five-minute installation time and indoor and IP66 outdoor versions, the PTZ Mini is an ideal surveillance option for retail, commercial and small business environments.

Standard Features

- Extremely compact and powerful, well suited for limited-space applications
- 12X color and 12X day/night camera options with 12X digital zoom provide full video coverage in a variety of installation applications
